- Network and Structured Cabling
- Electrical System Service
- Physical Security
- Automation and Controls

IT Networks:

- Wireless
- Data Center
- IP Phone Systems
- LAN / WAN
- Switch and Route
- Fiber Optics

What We Do:

We provide turnkey services including analysis, design, engineering, installation, and maintenance.

Wachter is here to keep critical systems delivering a return on your investment.

How We Do It:

Wachter values relationships.

First, we ask powerful questions to understand how technology can be used to improve processes.

Then our engineers develop a design concept to validate and refine in a real-world environment.

Finally, our field crews implement the solution – at one site or thousands of locations.

Houston / Gulf Coast Project Spotlight
