

Philadelphia Local Business Unit

SERVING THE NORTHEAST

Wachter's Philadelphia Local Business Unit offers expertise in engineering, project management, and installation services for:

- Voice
- Data
- Access Control
- CCTV Projects

We are closely aligned with industry leaders in structured cabling, networking, and IP security. Our technicians are strategically located throughout NJ, PA, and NY, and positioned to cover the Northeast.

With 14+ locations and a nationwide W2 workforce, Wachter's reach stretches across the U.S.

Driving Value:

Wachter provides a single source for the design, installation, and maintenance of electrical power and IT networks.

We develop integrated solutions that improve efficiency and reduce the total cost of ownership (TCO).

Wachter At A Glance:

- Network and Structured Cabling
- Electrical System Service
- Physical Security
- Automation and Controls

IT Networks:

- Wireless
- Data Center
- IP Phone Systems
- LAN / WAN
- Switch and Route
- Fiber Optics

What We Do:

We provide turnkey services including analysis, design, engineering, installation, and maintenance.

Wachter is here to keep critical systems delivering a return on your investment.

How We Do It:

Wachter values relationships.

First, we ask powerful questions to understand how technology can be used to improve processes.

Then our engineers develop a design concept to validate and refine in a real-world environment.

Finally, our field crews implement the solution – at one site or thousands of locations.

Philadelphia Project Spotlight

Fortune 500 Energy Provider

Wireless network in power plants

- On-site wireless design
- Structured cabling copper and fiber backbone for corrosive environment
- Wireless network installation
- Conduit installation
- Concrete scanning

Leading Nationwide Furniture Retailer

New store construction (70+ stores)

- Structured cabling system
- Fiber backbone
- Access control
- Wireless network
- Paging system
- Point of sale (POS)

Wachter holds electrical and low voltage licenses in all 50 states.
